<b>Research Expertise</b>	Gender and Sexuality, Cultural and Media Studies, Contemporary Social Theory, Qualitative Research Methods
<b>Ongoing Projects</b>	<p>Awarded a GRF (2016) which aims to examine and compare the processes and challenges of identity formation of young gay men (aged 18-28) in Hong Kong, mainland China (major site: Shanghai) and Taiwan (major site: Taipei). This trans-local study will examine the queer flow of circulation of ideas, bodies and capital among and within the three Chinese locals that constitute, inform and shape identities, practices and desires.</p> <p>Working with British scholar Prof. Stevi Jackson and colleagues from HKU, York and SOAS to develop a fund bid to ESRC for a comparative study of masculinity and men's relationships in the UK, mainland China and Hong Kong.</p> <p>Examining a newly emerged trend of gay men taking drugs which links intimately to the alarming increasing number of HIV infection among the gay population in Hong Kong. This research not only bridges gap between sexuality studies and drug research but also has important policy implications.</p>
